

Ningbo Fly Automation Co.,Ltd

NingboFly Automation was founded in 2006.

We have many years experience in producing pneumatic components.

Pneumatic components includes pneumatic fittings, pulse valves, water valves, induction coil, solenoid valves, manual valves, air control valves, angle seat valve, air preparation units, cylinders, air gun, air brush, machinery parts, PU/PE pneumatic & hydraulic tubes and pneumatic accessories.

Our factory is in the national tourist resort---Xikou Town, Ningbo, China, adjoins the world-class deep water harbor-----Beilun port, 2 hours driving to Shanghai, only 20kms away from Ningbo Lishe International Airport, whereby it enjoys great traffic convenience.

Our products quality is strictly controlled according to ISO quality standard. The perfect producing and testing equipments, advanced quality management system, professional manufacture and sales team guaranteed our forceful before-sale and after-sale service.

We keep the policy "Favorable price, on-time delivery, steady quality, ceaseless development heart-to-heart service and Win-win mode".

We are professional dust collector valves and diaphragm repair kits manufacturer.

Our main products includes: ASCO SCG353 8353 series pulse valves, Goyen CA/RCA series dust collector valves.

And we can supply the high quality diaphragm repair kits, We are OEM for ASCO GOYEN MECAIR and Turbo.

Dust Collector, Pulse Jet Valve
